A complete program of textbook, lab manual, and software, this Microsoft Official Academic Course provides everything students need to build the knowledge and skills necessary to support end users and computers running the Microsoft suite of productivity applications. In addition, this

textbook will help students to prepare for the Microsoft Certified Desktop Support Technician examination 70-272: Supporting Users and Troubleshooting Desktop Applications on a Microsoft Windows XP Operating System. The Microsoft Certified Desktop Support Technician is a new two-exam credential available from Microsoft Learning. The certification is directed at the skills needed for working in a variety of environments, including corporate environments as well as support for home users via phone support, remote support, and retail counter support. A

complete set of instructor resources supports the book. Students who are beginning studies in technology need a strong foundation in the basics before moving on to more advanced technology courses and certification programs. The Microsoft Technology Associate (MTA) is a new and innovative certification track designed to provide a pathway for future success in technology courses and careers. The MTA program curriculum helps instructors teach and validate fundamental technology knowledge and provides students with a foundation for their careers as well as the confidence they need

to succeed in advanced studies. Through the use of MOAC MTA titles you can help ensure your students future success in and out of the classroom. Database Administration Fundamentals covers introductory knowledge and skills including: relational databases; core database concepts; relational database concepts; security requirements for databases and the data stored in them; database objects -- such as tables and views; graphical tools and T-SQL scripts; database queries; and stored procedures.

This is the Lab Manual to accompany: Exam 70-413 Designing and Implementing a Server Infrastructure. This Microsoft Official Academic Course (MOAC) IT Professional curriculum prepares certification students for success every step of the way. This 70-413 Designing and Implementing a Server Infrastructure exam course is the first of a series of two exams Microsoft Certified Solutions Associates (MCSE) candidates are required to pass to gain the MCSE: Windows Server 2012 and Windows Server 2012 R2 certification.

These MCSE exams test the skills and knowledge necessary to design, implement, and maintain a Windows Server 2012 infrastructure in an enterprise scaled, highly virtualized environment. Passing these exams confirms students' ability to plan, configure, and implement the Windows Server 2012 services, such as server deployment, server virtualization, and network access and infrastructure. This complete ready-to-teach MOAC program is mapped to all of the exam objectives.

Easy to follow step by step lessons enable students to

quickly and efficiently learn the features of Microsoft Windows XP Professional and how to use them at school, at home, and in the workplace. This training program from Microsoft offers friendly, straightforward instruction with dozens of full-color screenshots and illustrations.

The Microsoft Official Academic Courseware (MOAC) Office 2010 Series is the only Official Academic Course Material. The new and enhanced MOAC/ Microsoft Office PowerPoint 2010 by Catherine Binder features Enhanced Wiley Desktop Editions as well as

many other enhanced features designed to re-enforce workforce skills. The addition of animated tutorials in the Enhanced Wiley Desktop Editions and WileyPLUS courses, textbooks include additional materials on different skill levels to help users keep pace. WileyPLUS and an automatic Office assignment grader provides immediate feedback on every assignment, to help users practice and hone skills at their own pace. MOAC/ Microsoft Office PowerPoint 2010 is built from the ground-up around the MOS® certification objectives- making it a great way to learn all the workforce-

oriented tasks required for certification. The Test Bank now offers greater flexibility and provides more than 75 questions and 3 projects per lesson, as well as automated grading via OfficeGrader. Furthermore, the latest edition's use of color in screen captures allows users to follow on screen much easier, as screen captures will look the exact same as the application. Additional projects throughout the book helps users comprehend how a task is applied on the job. OfficeGrader functionality added to WileyPLUS provides immediate feedback on all homework,

assignments, and projects and additional animated tutorials on key Office tasks provides additional help on difficult topics. This Microsoft Excel 2013, Exam 77-420 book is the only Microsoft Official Academic Course (MOAC) textbook. This series includes a complete classroom instructional program. This Excel 2013 text is mapped to the Excel 2013 certification exam objectives and is designed to re-enforce workforce skills. With this book students learn to create and edit professional-looking spreadsheets for a variety of purposes and situations. It also covers such skills as charting,

creating analytical, financial reports, data entry, developing budgets, formatting numerical (financial, statistical, etc.) reports, creating forms, graphing, processing data, reporting, technical support, trending and much more. The Microsoft Official Academic Course (MOAC) Office series also offers OfficeGrader. This valuable tool corrects your students tasked-based assignments. Students work on real-world problems like the ones they will encounter in the workforce ensuring they are ready for real professional challenges. OfficeGrader allows for efficient and consistent

grading saving time for other important teaching activities. Grading is easier than ever allowing faster assignment turnaround to students. Excel 2013 certification can help students with classwork and differentiate job hunters in todays competitive job market. Students who have earned certification can broaden their employment opportunities in such fields as accounting, office administration, consulting, as executives and managers, help desk personnel, instructors/trainers, program/project managers, and sales careers.
