In 2008, Adobe Photoshop pro and best-selling author Matt Kloskowski broke new ground teaching Photoshop by focusing on the one thing that makes Photoshop the amazing

(and sometimes difficult to understand) program it is: layers. Now, Matt returns with a major update that covers layers in Photoshop CS5 in the same concise, easy to understand way that's made him so well known in the field of Photoshop training. When asked about the original version of this book, Matt said, "I wanted it to be the Photoshop book that I wish was around when I was first learning." This update improves upon that concept. Within these pages, you'll learn about: Working with and managing multiple layers in Photoshop CS5 Building multiple-layer images Blending layers together Layer masking and just how easy it is Which of the 25+ layer blend modes you really need to know (there are just a few) Using layers to enhance and retouch your photos All of the tips and tricks that make using layers a breeze Plus, a new chapter on advanced layer techniques and compositing to help take your work to the next level If you want to fully understand layers in Photoshop CS5, this book is the one you've been waiting for!

If you already have a good knowledge of Adobe Photoshop and are looking to advance your skills, Adobe Photoshop CS5 for Photographers: The Ultimate Workshop is the book you've been waiting for. Renowned photographers Martin Evening and Jeff Schewe impart their Photoshop tips and workflow, showing you how to use a vast array of rarely seen advanced Photoshop techniques. Whether the subject is serious retouching work, weird and wonderful compositions, or planning a shoot before you've even picked up a camera, you can be sure that the advice is based on years of practical experience. Full of inspirational photographs and hundreds of full-color screenshots to show you how it's done, this book features: -Advice on becoming a retouching master with advanced masking and compositing techniques -A detailed workflow for preparing your images for the best possible output, showing you how to meet both deadline and budget without sacrificing quality -26 movie tutorials on the included DVD, offering over 3 hours of movie content The ideal companion to Photoshop CS5 for Photographers, this is a must-have resource for any serious user of Adobe Photoshop.

Are you ready for an amazing new version of The Photoshop Book that breaks all the rules? Scott Kelby, Editor and Publisher of Photoshop User magazine—and the best-selling Photo world today—once again takes this book to a whole new level as he uncovers more of the latest, most important, and most useful new Adobe Photoshop CS5 techniques for digital update to his award-winning, record-breaking book does something for digital photographers that's never been done before—it cuts through the bull and shows you exactly “how to do it” of theory; it doesn't challenge you to come up with your own settings or figure it out on your own. Instead, Scott shows you step by step the exact techniques used by today's commercial photographers, and best of all, he shows you flat-out exactly which settings to use, when to use them, and why. That's why the previous editions of this book are widely used as photography courses at colleges and universities around the world. Learn how the pros do it Each year, Scott trains thousands of professional photographers how to use Photoshop, with no exception they have the same questions, the same problems, and the same challenges—and that's exactly what he covers in this book. You'll learn: The sharpening techniques the pro tricks for fixing the most common digital photo problems fast! The step-by-step setup for getting what comes out of your printer to match exactly what you see onscreen. A whole new HDR (High Dynamic Range) images using CS5's new Merge to HDR Pro. How to master CS5's new Content-Aware Fill. How to color correct any photo without breaking a sweat. How to take images like a pro (plus how to take advantage of all the new Camera Raw features in CS5!). How to use the included gray card to make color correction just a matter of three clicks. How to work like a pro! A host of shortcuts, workarounds, and slick “insider” tricks to send your productivity through the roof! Plus, Scott includes a special bonus chapter with his own CS5 workflow to finish, and each chapter ends with a Photoshop Killer Tips section, packed with time-saving, job-saving tips that make all the difference. If you're a digital photographer, and if you're looking for “tricks of the trade”—the same ones that today's leading pros use to correct, edit, sharpen, retouch, and present their work—then you're holding the book that will do just that.
