and blue sunsets of Mars.”—Anthony Doerr, The New York Times Book Review Mars was once similar to Earth, but today there are no rivers, no lakes, no oceans. Coated in red dust, the terrain is bewilderingly empty. And yet multiple spacecraft are circling Mars, sweeping over Terra Sabaea, Syrtis Major, the dunes of Elysium, and Mare Sirenum—on the brink, perhaps, of a staggering find, one that would inspire humankind as much as any discovery in the history of modern science. In this beautifully observed, deeply personal book, Georgetown scientist Sarah Stewart Johnson tells the story of how she and other

researchers have scoured Mars for signs of life, transforming the planet from a distant point of light into a world of its own.

Johnson's fascination with Mars began as a child in Kentucky, turning over rocks with her father and looking at planets in the night sky. She now conducts fieldwork in some of Earth's most hostile environments, such as the Dry Valleys of Antarctica and the salt flats of Western Australia, developing methods for detecting life on other worlds. Here, with poetic precision, she interlaces her own personal journey—as a female scientist and a mother—with tales of other

seekers, from Percival Lowell, who was convinced that a utopian society existed on Mars, to Audouin Dollfus, who tried to carry out astronomical observations from a stratospheric balloon. In the process, she shows how the story of Mars is also a story about Earth: This other world has been our mirror, our foil, a telltale reflection of our own anxieties and yearnings. Empathetic and evocative, The Sirens of Mars offers an unlikely natural history of a place where no human has ever set foot, while providing a vivid portrait of our quest to defy our isolation in the cosmos.

In Reading in the Wild, reading expert Donalyn Miller continues the conversation that began in her bestselling book, The Book Whisperer. While The Book Whisperer revealed the secrets of getting students to love reading, Reading in the Wild, written with reading teacher Susan Kelley, describes how to truly instill lifelong "wild" reading habits in our students. Based, in part, on survey responses from adult readers as well as students, Reading in the Wild offers solid advice and strategies on how to develop, encourage, and assess five key reading habits that cultivate a lifelong love of reading.

illness becomes increasingly serious, he decides on a dramatic diversion—war with the West. Upon learning of Krupin’s condition, CIA director Irene Kennedy understands that the US is facing an opponent who has nothing to lose. The only way to avoid a confrontation that could leave millions dead is to send Mitch Rapp to Russia under impossibly dangerous orders. With the Kremlin’s entire security apparatus hunting him, he must find and kill a man many have deemed the most powerful in the world. The fate of the free world hangs in the balance in this “timely, explosive novel that shows yet again why Mitch Rapp is the best hero the thriller

In a world of users that routinely click “ I Agree ” buttons, librarians may be the lone voice raising an alert to the privacy, use, and ownership issues arising in connection with the design and implementation of digital rights management (DRM) technologies. DRM reflects the efforts of copyright owners to prevent the illegal distribution of copyrighted material – an admirable goal on its face. A common misunderstanding is that DRM is copyright law. It is not. Rather it is a method of preventing copyright infringement; however, if unchecked, DRM has the

potential to violate privacy, limit ownership rights, and undermine the delicate balance of rights and policies established by our current system of copyright. All three of these arenas are critical for both librarians and their users. Reflecting the shift from ownership to access, libraries are increasingly providing access to rights-protected digital content. Libraries strive to provide access to rights-protected content in a manner that protects both the content creator and the privacy of the user. DRM encompasses a variety of technologies and strategies utilized by content owners and managers to limit access to and the use of rights-protected content. Librarians need to understand DRM

to effectively enable users to access and use rights-protected digital content while at the same time protecting the privacy of the user. Designed to address the practical operational and planning issues related to DRM, this guide explores the critical issues and challenges faced by librarians. After reading it, librarians will better understand: the digital content rights protection scheme; the various DRM technologies and how they are used; how to use authentication and authorization standards, strategies, and technologies; and, the privacy and security issues related to DRM. Edited by two librarians who also hold law degrees, this is a best practices guide for front-line

Philosophy of Race: An Introduction provides plainly written access to a new subfield that has been in the background of philosophy since Plato and Aristotle. Part I provides an overview of ideas of race and ethnicity in the philosophical canon, egalitarian traditions, race in biology, and race in American and Continental Philosophy. Part II addresses race as it operates in life through colonialism and development, social constructions and institutions, racism, political philosophy, and

gender. This book constructs an outline that will serve as a resource for students, nonspecialists, and general readers in thinking, talking, and writing about philosophy of race.

during the Great Depression, a time when the country was in crisis and at war with itself, when millions were out of work and even the land seemed to have turned against them.

“My land tells its story if you listen. The story of our family.” Texas, 1921. A time of abundance. The Great War is over, the bounty of the land is plentiful, and America is on the brink of a new and optimistic era. But for Elsa Wolcott, deemed too old to marry in a time when marriage is a woman’s only option, the future seems bleak. Until the night she meets

Rafe Martinelli and decides to change the direction of her life. With her reputation in ruin, there is only one respectable choice: marriage to a man she barely knows. By 1934, the world has changed; millions are out of work and drought has devastated the Great Plains. Farmers are fighting to keep their land and their livelihoods as crops fail and water dries up and the earth cracks open. Dust storms roll relentlessly across the plains. Everything on the Martinelli farm is dying, including Elsa's tenuous marriage;

each day is a desperate battle against nature and a fight to keep her children alive. In this uncertain and perilous time, Elsa—like so many of her neighbors—must make an agonizing choice: fight for the land she loves or leave it behind and go west, to California, in search of a better life for her family. The Four Winds is a rich, sweeping novel that stunningly brings to life the Great Depression and the people who lived through it—the harsh realities that divided us as a nation and the enduring battle between the haves and

the have-nots. A testament to hope, resilience, and the strength of the human spirit to survive adversity, The Four Winds is an indelible portrait of America and the American dream, as seen through the eyes of one indomitable woman whose courage and sacrifice will come to define a generation. Nominated as one of America's best-loved novels by PBS's The Great American Read Six days ago, astronaut Mark Watney became one of the first people to walk on Mars. Now, he's sure he'll be the first person to die there.

After a dust storm nearly kills him and forces his crew to evacuate while thinking him dead, Mark finds himself stranded and completely alone with no way to even signal Earth that he's alive—and even if he could get word out, his supplies would be gone long before a rescue could arrive. Chances are, though, he won't have time to starve to death. The damaged machinery, unforgiving environment, or plain-old "human error" are much more likely to kill him first. But Mark isn't ready to give up yet. Drawing on his

ingenuity, his engineering skills—and a relentless, dogged refusal to quit—he steadfastly confronts one seemingly insurmountable obstacle after the next. Will his resourcefulness be enough to overcome the impossible odds against him?

The Hand on the Wall

In November 2018, Baptist preacher Mark Harris beat the odds, narrowly fending off a blue wave in the sprawling Ninth District of North Carolina. But word soon got around that something fishy was going on in rural Bladen County. At the center of the mess was a local political operative named McCrae Dowless. Dowless had learned the ins and outs of the absentee ballot system from Democrats before switching over to the Republican Party. Bladen County's vote-collecting cottage industry made national headlines, led to multiple election fraud indictments, toppled

*North Carolina GOP leadership, and left hundreds of thousands of North Carolinians without congressional representation for nearly a year. In *The Vote Collectors*, Michael Graff and Nick Ochsner tell the story of the political shenanigans in Bladen County, exposing the shocking vulnerability of local elections and explaining why our present systems are powerless to monitor and prevent fraud. In their hands, this tale of rural corruption becomes a fascinating narrative of the long clash of racism and electioneering—and a larger story about the challenges to democracy in the rural South.*

though she is finding it more difficult to hate in proximity. David works trying to help displaced persons build new lives, while hiding his more radical nighttime activities from his sister. Like most of their German-born American colleagues, they suffer from conflicts of rage and guilt at their own good fortune, except for Millie's boss, Major Harry Sutton, who seems much too eager to be fair to the Germans. Living and working in bombed-out Berlin, a latter day Wild West where drunken soldiers brawl; the desperate prey on the unsuspecting; spies ply their trade; werewolves, as unrepentant Nazis were called, scheme to rise again; black markets thrive, and forbidden fraternization is rampant, Millie must come to terms with a decision she made as a girl in a moment of crisis, and with the enigmatic sometimes

infuriating Major Sutton who is mysteriously understanding of her demons. Atmospheric and page-turning, The Living and the Lost is a story of love, survival, and forgiveness of others and of self.

The adventures of a little boy in the city on a very snowy day. On board pages.

In October 1934, the Chinese Communist Army found itself facing annihilation, surrounded by hundreds of thousands of Nationalist soldiers. Rather than surrender, 86,000 Communists embarked on an epic flight to safety. Only thirty were women. Their trek would eventually cover 4,000 miles over 370 days. Under enemy fire they crossed highland awamps, climbed Tibetan peaks, scrambled over chain bridges, and trudged through the sands of the western

deserts. Fewer than 10,000 of them would survive, but remarkably all of the women would live to tell the tale. Unbound is an amazing story of love, friendship, and survival written by a new master of adventure narrative. Susan Orlean's bestseller and New York Times Notable Book is "a sheer delight...as rich in insight and as varied as the treasures contained on the shelves in any local library" (USA TODAY)—a dazzling love letter to a beloved institution and an investigation into one of its greatest mysteries. "Everybody who loves books should check out The Library Book" (The Washington Post). On the morning of April 28, 1986, a fire alarm sounded in the Los Angeles Public Library. The fire was disastrous: it reached two thousand degrees and burned for more than seven hours. By the time it was

*extinguished, it had consumed four hundred thousand books and damaged seven hundred thousand more. Investigators descended on the scene, but more than thirty years later, the mystery remains: Did someone purposefully set fire to the library—and if so, who? Weaving her lifelong love of books and reading into an investigation of the fire, award-winning New Yorker reporter and New York Times bestselling author Susan Orlean delivers a “delightful...reflection on the past, present, and future of libraries in America” (New York magazine) that manages to tell the broader story of libraries and librarians in a way that has never been done before. In the “exquisitely written, consistently entertaining” (The New York Times) *The Library Book*, Orlean chronicles the LAPL fire and its aftermath to showcase the larger, crucial role that*

libraries play in our lives; delves into the evolution of libraries; brings each department of the library to vivid life; studies arson and attempts to burn a copy of a book herself; and reexamines the case of Harry Peak, the blond-haired actor long suspected of setting fire to the LAPL more than thirty years ago. "A book lover's dream...an ambitiously researched, elegantly written book that serves as a portal into a place of history, drama, culture, and stories" (Star Tribune, Minneapolis), Susan Orlean's thrilling journey through the stacks reveals how these beloved institutions provide much more than just books—and why they remain an essential part of the heart, mind, and soul of our country.

She knows who Truly Devious is. She 's solved it. The greatest case of the century. At least, she thinks she has. With this latest tragedy, it 's hard to concentrate on the past. Not only has someone died in town, but David disappeared of his own free will and is up to something. Stevie is sure that somehow—somehow—all these things connect. The three deaths in the present. The deaths in the past. The missing Alice Ellingham and the missing David Eastman. Somewhere in this place of riddles and puzzles there must be answers. Then another accident occurs as a massive storm heads toward Vermont. This is too much for the parents and administrators. Ellingham Academy is evacuated. Obviously, it 's time for Stevie to do something stupid. It 's time to stay on the mountain and face the storm—and a murderer. In the
