complementary strengths and weaknesses, so their combination results in a very powerful method to get accurate answers from the subconscious mind. In other words, where the tarot is weak, the pendulum is strong, and vice versa. This book will enable you do accurate tarot card readings, even if you are a beginner in this field. From the tarot card readings you will get advises, which you will not be able to get from your rational mind. Alternative pathways will be brought to your attention and important warnings will show up. With following the alternative pathways and using simple Affirmations, you will be able to influence the potential outcomes into the direction which will be positive to you, even if you current readings are not favourable. Do not fall into the "Fatalistic Trap", where a person thinks that a negative reading indicates a negative outcome regardless of what he will do. Never fall into this trap. Be glad that the reading provided you with an advanced warning. If your ship is heading into the direction of the rocks, change the ship's direction. Carry out a tarot reading on the alternative ways which are available to you. Look for the alternatives and their corresponding actions. You are the captain of your ship and you are behind the ship's wheel. Change the direction, when it is necessary. This book puts you into the position behind the ship's wheel so you will control the rudder. The ship is your life. The Archetype link between the tarot cards and the Archetypes of the human civilisation are the reason that the layouts of tarot cards are controlled by the subconscious minds of the people who use these cards. Tarot cards are just one way of getting information from the "Infinite Intelligence" connected with the subconscious mind. The other ways of interacting with the subconscious mind include pendulum readings (via the ideomotor reflex), dreams, affirmations, and the state of hypnosis. It is interesting to note that the paranormal abilities of the subconscious mind can be observed easily in people who are hypnotised (clairvoyance, levitation, mind control, resistance to hot or sharp objects and quick healing). The other aspect of the subconscious mind is that it can demonstrate its access to the "Infinite Intelligence". In that capacity, the subconscious mind can control random events to get the desired goals and can even affect the physical laws. Autistic savants, demonstrate this link to their subconscious minds and to the "Infinite Intelligence" in some specific areas (mathematics, music, memory, etc.). The readings of tarot and pendulum are also connecting to the same area of the "Infinite Intelligence".

Learn how to give amazing and accurate Tarot card readings with a unique and complete system that connects the aspects of Astrology, Numerology, Tarot and Palmistry--to create a depth and understanding that truly makes any reading multi-dimensional. This book is excellent for any beginning reader while also helping to expand the capabilities of a more experienced reader.

Comprehensive meanings/definitions for each of the 78 Rider-Waite illustrated Tarot cards (both right-side up and upside-down) are detailed. A 'how-to-do book' that will help you to weave a story with your intuitive Tarot readings. Included is an appendix covering the basics of Palmistry to support your intuitive Tarot readings, and also how to print hands properly. Mark T. Wexler has studied, taught workshops, and practiced professional Tarot and palm readings for over 25-years. Since before the written word, humanity always had the hands to "read"-and understood the hands' shape and lines were a true manifestation of our brain. Thus, the true qualities, abilities, potentials and tendencies can be read, expressed and understood for any individual. This allows an individual, a couple, or a group of people to better understand themselves and each other. Thus, we can improve our communication both professionally and intimately. However, a Tarot card reading helps explain/detail what recent or contemplated paths or directions you're heading in-and see what advice you may need to keep you 'centered' on your path, before the lines manifest in your hands! Astrology, Numerology, Tarot, and Palmistry-all combine in a Tarot reading to help guide and discover who, why and what you're doing and where you're going along your path: Past, Present, and possible Future.

An excellent introductory course that demystifies the ancient art of tarot reading. With equal appeal for both the beginner and the more experienced student, this complete guide gives you all the training you need to start accessing the ancient wisdom of the tarot.
